Content Pack 3
OVERVIEW

- IT'S A -
MONEY
THING®

Calling all super-sleuths!

The materials in **Content Pack 3: Foiling Identity Theft** show you how to keep your personal information safe at home and on the go.

Video galleries

Now that you have three content packs, it's a good idea to create a gallery on your website and on your Facebook page to highlight your growing collection of It's a Money Thing videos.

For Facebook

Consider a third-party app builder like **ShortStack**, **Involver** or **Strutta** (among many others).

For your website

You can simply embed your videos on a dedicated It's a Money Thing page, or use a gallery builder tool like **LightBox Video Web Gallery Creator** or **TubePress** (among others).
